Product Details

JULY 2018 UPDATE *** CURRENT RELEASE OF THE ECHO AK TRIGGER IS ESTIMATED FOR THE END OF THE 4TH QUARTER 2018. ***** THIS IS OUR BEST ESTIMATE GIVEN CURRENT PRODUCTION LEAD TIMES AND PROCESSES. THIS INFORMATION IS ALWAYS SUBJECT TO CHANGE.** This is a deposit for the new ECHO AK Trigger. This trigger will contain the great features of the Echo AR-II but will be for the AK-47 platform of rifles. The current ECHO AK trigger will be for the stamped versions that are most common. The exact models beyond the common stamped AK-47 are still being explored. This is a non-refundable deposit. If you are not sure that you are willing to wait, please hold off until they are in stock. This is only a deposit on the trigger. The full retail cost of the ECHO AK trigger is \$547.00. This deposit will hold your place in line and triggers will be delivered based upon when your deposit is received. When your trigger is complete, FosTecH will contact you to pay the remaining balance of \$297.00. There is also an option to pay for the complete trigger. This is offered for a convenience of our customers that do not want the hassle of having to pay twice. No preferential treatment is given for full payments versus those that pay the deposit. The ECHO AK trigger will allow you to select between Safe Mode, Semi Auto Mode, & Echo Mode. The secondary disconnect technology is in the ECHO AK which is what makes it legal according to the ATF. The trigger lock technology is also implemented into the ECHO AK which makes your AK very reliable. *****PLEASE READ CAREFULLY***** THIS IS ONLY A DEPOSIT AND IS NON-REFUNDABLE. IF YOU ARE WORRIED ABOUT REGULATION OR THE TIME IT TAKES TO PRODUCE, PLEASE DO NOT PURCHASE NOW BUT WAIT UNTIL THE PRODUCT IS IN STOCK AND ON THE SHELF. THIS DEPOSIT IS FOR FOSTECH CUSTOMERS THAT WANT TO BE THE FIRST TO RECEIVE THE NEXT BREAK-THROUGH IN THE ECHO TRIGGER TECHNOLOGY.
